Workers’ Comp Works For You

If you are injured on the job:

1. Notify your employer immediately to get the name of an approved physician. Workers’ comp insurance may not pay the medical bills if you don’t report your injury promptly to your employer.

2. Notify the doctor and medical staff that you were injured on the job so that bills may be properly filed.

3. If you have any problems with your claim or suffer excessive delays in treatment, contact the State of Florida’s Division of Workers’ Compensation at 1-800-342-1741.

Worker’s compensation pays for all authorized medically necessary care and treatment related to your injury or illness.

If you are unable to work or your earnings are lower because of a work-related injury or illness, and you have been disabled for more than seven calendar days, you may be eligible for some wage replacement benefits.
