

# TARGETCW BONUS PROGRAM

TargetCW introduced our 401K bonus program to help encourage workers to participate in our 401K.

---

## Amount

\$500 Annual Bonus

## Requirements

1. Work 1,200 hours for TargetCW in one calendar year
2. Be enrolled in the 401(k) program during the month of December
3. Contribute at least \$1,000 to our 401(k) program during the current plan year
4. Income is less than \$100,000 annually

## Award

During the last two weeks of December a member of our benefits team will contact all employees who are eligible for the bonus. You will then be given the opportunity to elect how much of your \$500 bonus you would like to defer directly into your 401(k) account. Any funds deferred to your 401(k) will be fully vested, just like your regular employee contributions.
